Environmental and Biological Control of Photosynthesis: Proceedings of a Conference Held at the Limburgs Universitair Centrum, Diepenbeek, Belgium, 26-30 August 1974 (Paperback)

By R. Marcelle

Springer, Netherlands, 1975. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book reports the proceedings of a meeting held in the Limburgs Universitair Centrum , Diepenbeek, Belgium, August 26 to 30, 1974. In convening this meeting, my aim was to bring together a small number of specialists working on photosynthesis of course but also always keeping in mind that plants are influenced by their environment (temperature, light quality and intensity, air composition, daylength .) and can differently react according to their stage of development. In general, all these specialists work on whole plants cultivated in well-known conditions (they are not market spinach specialists) but, when necessary, give up the idea of measuring photochemical activities in isolated they don't chloroplasts, enzyme kinetics .etc. It is noticeable that about 50 of them are working in laboratories directly involved with applied research in agriculture or forestry. The format of the meeting was intentionally kept small but it allowed generous time for discussion; thanks are due to Drs. O. BJORKMAN, J. W. BRADBEER, M. M. LUDLOW and C. B. OSMOND for taking the chairs during these...

Reviews

I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.
