By Ruth D. Watkins-Leech

Dog Ear Publishing, LLC. Paperback. Book Condition: New. Paperback. 56 pages. Dimensions: 7.8in. x 4.9in. x 0.4in. This book is a biography of my late Aunt Alice, who, like millions of other people, developed Alzheimers disease. I was responsible for her the last few years of her life after she could no longer live alone. She had quite a sense of humor and could also be difficult. I inherited my aunt in 1996 and so much has changed since then. Ive included many helpful websites and also provide a comparison of costs in the different kinds of facilities that care for Alzheimers patients. I also describe the increase in costs from 1996 to the present for each of these kinds of facilities. Barbara Larsen, the author who endorsed my book, has written a book about early-stage Alzheimers and she provides her readers with detailed activities to decelerate Alzheimers disease in the early stages. At the end of the book, I discuss the causes of Alzheimers and how the theory seems to be changing as to the cause. Anyone who has ever had a loved one with dementia and/or Alzheimers disease will benefit from and enjoy reading this book. Ruth D. Watkins-Leech...
