House of Anansi Press. Paperback / softback. Book Condition: new. BRAND NEW, Food and Fuel: Solutions for the Future, Andrew Heintzman, Evan Solomon, Eric Schlosser, The 21st century appears to be dominated by two major global crises: the scarcity of food and the disappearance of fuel. Through shortages and soaring costs, both have had detrimental effects on the environment and both have undermined the global economy -- most importantly, both will continue to do so unless immediate action is taken. This timely and provocative collection of essays explores how and why these problems have developed and what can be done to resolve them. Wide-ranging pieces by trenchant thinkers such as Thomas Homer-Dixon, Gordon Laird, Jeremy Rifkin, Ken Wiwa, Frances Moore Lappe, and Anna Lappe offer valuable strategies to combat global famine and fast-food fat, business models for safe and sustainable food production and power sources, descriptions of emerging technologies and sciences, a reexamination of nuclear power, and much more. Both remarkable for its depth of thought and eminently readable, "Food and Fuel" provides innovative, practical solutions for dealing with these urgent issues.
