*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Gage, Governor of the State of California; The Honorable the Board of Trustees of the State Mining Bureau; and Hon. A. S. Cooper, State Mineralogist: Gentlemen: I have the honor to submit to you my report on work done as prescribed under Chapter XCV, Statutes of California, 1899, in that portion of the section relative to the State Mining Bureau, which provides that twenty thousand dollars shall be expended in making a practical and scientific examination of the Mother Lode and other mineral districts of California, including the oil-districts, and preparing a brief and accurate history of such districts and the development, product, resources, methods of working, and future possibilities of the mining and oil industries of California, such examinations to be made by competent experts experienced in California mining, and assistants; all of whom shall be appointed and their compensation fixed by the Governor.
