Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Not illustrated. 1920 Excerpt: .service for the community is one of the most essential features of the modern public health campaign. The far sighted and statesmanlike law presented to the New York Legislature, reviewed in Modern Medicine for April,1 is a notable example of the tendency to develop such facilities as a part of the official health program. 1. This bill failed of passage in the last chaotic days of the session at Albany, but it will be brought up again early in the next session of the Legislature. It seems probable that in the ultimate future the hospital and medical and nursing services of the community will to a large extent be centered in the health department. As Sir Arthur Newsholme has so forcibly pointed out, anything which tends to separate public health from curative medicine is detrimental to the development of both. Progress will, however, be gradual along this line, --and should be gradual, for the administrative task imposed on a health official responsible for such a wide range of service will be a staggering one. Meanwhile, we must recognize on the one hand that health work in the homes of the people belongs logically to the health department; and yet that interference with the extramural work of the hospital would work great harm in many instances. The patient before he enters the hospital, and after he leaves the hospital, is the same patient who occupies a bed while he is within its wards; and the hospital has,...
