

## Knowledge Systems and Natural Resources

Filesize: 8.49 MB

### **Reviews**

*The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).*

Foundation Books, New Delhi, India, 2007. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. In recent years, knowledge systems have become key areas of concern for researchers, policy-makers and developmental activists. Knowledge Systems and Natural Resources is a unique collection of case studies from Nepal. It provides rich and incisive insights into critical social processes and deliberative governance. It analyses how knowledge is produced, disseminated and applied in various aspects of natural resource governance in Nepal. The book challenges the dichotomy between traditional and scientific knowledge. It proposes to differentiate among systems of knowledge on the basis of political standing of social actors engaged in natural resource governance. It further proposes that change in governance hinges on how the diverse systems of knowledge come into deliberative interface and to what extent the unequal distribution of power and knowledge resources in society constrain the process of deliberation. This book will be of great interest to development policy-makers, governance specialists, researchers, academics, development advisors, social activists and students of social and political sciences and natural resource management. Contents Preface Abbreviations Glossary of Nepali words 1 Knowledge Systems and Deliberative Interface in Natural Resource Governance: An Overview - Introduction - Knowledge systems and deliberative interface: Key theoretical issues - Conceptual frameworks for understanding knowledge systems - Knowledge systems interface in natural resource governance - Overview of case studies - References 2 Agricultural Technology Development in Nepal: Critical Assessment from Knowledge System Perspective - Introduction - An Overview of Nepal Agricultural Research Council - Different perspectives on agriculture technology development \* Scientists' perspectives \* Farmers' perspectives - Emerging issues in agriculture technology development: Whose knowledge counts? - Improving deliberative knowledge interface in agriculture technology development: A way forward - References 3 Contested Knowledge and Reconciliation in Nepal's Community Forestry: A Case of...
