INFLUX

Little, Brown Book Group. Paperback. Book Condition: new. BRAND NEW, Influx, Daniel Suarez, Change is dangerous, technology lethal. So what if our civilization is more advanced than we know? Particle physicist Jon Grady is ecstatic when his team achieves a major breakthrough: a device that can reflect gravity. Their research will revolutionise the field of physics. But at Grady's moment of triumph, his lab is locked down by a shadowy organisation whose mission is to prevent the social upheaval caused by sudden technological advances - advances they use to retain total command. They are living in the future we were promised. Now Grady finds himself in a nightmarish high-tech prison built to hold other rebellious geniuses. Can he and his fellow prisoners escape? And even if they can, is it possible to defeat an enemy that wields a technological advantage half a century in the making? The dark ages are ending. Our future is here.
