The teleporters were essential to Earths deep-space colonies. Upon the Upeoâs disappearance, we not only lost intrepid explorers, but we lost touch with millions stranded in the void. Now the teleporters are back. Where were they all those years? Why did they leave us? And are they here to stay? Trinity: Stellar Frontier details the long-lost Upeo wa Macho psi order and explores the isolated extrasolar colonies. Learn what its like to be a teleporter to sense the constant movement of the universe, and to transport yourself from one place to another with but a thought. Learn the truth about how the colonies survived their exile and what threats remain there. Find out why the Upeo vanished, where they went and why they've returned.
